## QUICK LINK® WALL MOUNT FRAME

### Features:

- Patent pending Quick Link® design speeds up installation time and enhances mount safety.
- UL approved models for mounting to solid concrete, hollow block concrete, wood stud, and 20-gauge steel stud wall surfaces.
- Threaded vertical mechanical compression on monitor case prevents monitor roll out.
- 360° of swivel adjustment and 0-30° of tilt adjustment.
- Models sized to fit standard and wide aspect monitors from 17" to 42" diagonal.
- Optional VCR/DVD mount bracket can be installed without monitor removal.

### Accessories (priced separately):

- Height adjustable for front-loading VCR/DVD player mount.
- Three-piece corner mount bracket to conform to variances in 90° degree corner locations
- Steel and wood stud pre-construction interior wall plate. (16" & 24" stud centers)
- 3/8" hardware kits for direct wall surface attachment of the support arm tube or companion wall bracket
- VCR lock kit.
- Wall brackets for heavier loads.

To select the correct mount model for your monitor's size, measure the height and width of the monitor screen case and compare to the QLW model(s) chart.
